To access your account, go to my.iit.edu. There you will need to enter your UID. If you do not know your UID you may search by your first and last name at myuid.iit.edu. Your initial password is the month and day you were born (MMDD) followed by the last four digits of your CWID (XXXX). Thus, the eight digit format is MMDDXXXX.

COURSE AVAILABILITY

To see the course availability, go to the Academics tab in your MyIIT account. Choose Look Up Classes in the Registration Tools section. Then you will need to select the term (e.g. Fall 2015) and select a subject (e.g. Architecture). You may also choose to limit your search by narrowing the different search fields (e.g. day of week, graduate level, instructor).

REGISTRATION

Registration is completed in the Academics tab by choosing the Add or Drop Classes option from the Registration Tools section. Select the term (e.g. Fall 2015) and then you will be prompted to enter your Alternate Pin. To add a class go to the bottom of the page and choose Class Search. Then select a subject (e.g. Architecture). You may also choose to limit your search by narrowing the different search fields (e.g. day of week, graduate level, instructor). Check the box to select the class(es) you would like and press the Register button at the bottom of the page. The class(es) will now appear in your course schedule.

If you decide to drop a class again, go to the Add or Drop Classes section within Registration Tools. Follow the prompt to select your term and enter your Alternate Pin. This will take you to your current schedule and any classes you have registered for will appear. Go to the Action tab on the class you would like to remove and choose Drop. Press the submit changes button and the class will be removed from your schedule.

EMAIL

IIT students receive a unique identifier (UID) that is also their IIT email username and login for IIT's networking and computing services. Your UID will remain the same during your entire IIT experience. IIT only maintains one official email for students which is the iit.edu account.
